Issues to be Addressed as defined by the RAC committee:

Committee Suggestions:

[Suggestion 1]: Consider expanding the literature review to include recent studies.

Provide a more comprehensive background to contextualize your research.

[Suggestion 2]: Include visual aids (charts, graphs) to enhance data presentation.

Visual representations can improve the clarity of your findings.

[Suggestion 3]: Consider adding a subsection on practical implications.

Discuss how your research findings can be applied in real-world scenarios.

Please ensure that your revised manuscript includes a detailed response to each point mentioned above. If you have any questions or need clarification on specific feedback, feel free to contact us.
